

Bottle Copy Orders

Important:

The following bottle copies do not contain any of the substances or items listed. The Bottle Copy contains water (H₂O) only. This water has been subjected to a nonmaterial process, similar to processes used to produce homeopathic remedies, which is believed by some researchers to imprint a subtle energy signature into the water. The presence of this signature cannot be confirmed by chemical or standard testing. No claim is made with regard to the effect of the reputed imprint. For experimental and research purposes only. For more on the theory of imprinting see the writings of Dr. Hulda Clark, Ph. D. and Dr. William A. Tiller, Ph. D
